ABOUT US

KESHU Foundation (Knowledge, Education, Social Help & Unity) is a registered not-for-profit organization under Section 8 of the Companies Act, 2013, based in Pune, Maharashtra. We work to create meaningful and sustainable change through education, digital empowerment, mental health awareness, financial literacy, skill development, technology, and community upliftment. We believe that every individual deserves access to knowledge, opportunities, resources, and support to build a better future. Our work focuses on empowering children, students, youth, families, and vulnerable communities by addressing educational and social challenges through practical, inclusive, and need-based initiatives. Through the integration of Education, Technology, Well-being, and Social Development, we aim to build confidence, capabilities, awareness, and long-term self-reliance.

OUR MISSION

To empower individuals through education, digital literacy, mental well-being, and financial awareness, enabling them to become confident, self-reliant, and future-ready.

OUR VISION

"To build an empowered and self-reliant society where every individual has equal access to education, digital opportunities, mental well-being support, and financial awareness, enabling sustainable and inclusive growth for all"

Initiatives & Impact

4,280+ Lives Impacted

School Kit Program

Providing essential school supplies to underprivileged children to encourage school attendance, improve learning opportunities, and prevent dropouts.

Digital Companion Program

Equipping students with practical skills in Computer Literacy, Artificial Intelligence (AI), and Cyber Security to build a safe, skilled, and future-ready generation.

Project Prerna

Promoting mental well-being, personal growth, confidence, and leadership through research-based awareness, guidance, counselling, and developmental activities.

Financial Literacy Program

Empowering students and communities with money management, budgeting, savings, digital banking safety, and informed financial decision-making skills.

Our Inspiring Journey

Mr. Ankush Biradar

Founder & CEO | KESHU Foundation

Inspired by the educational needs of underprivileged children in Pune, Mr. Ankush Biradar began his social impact journey in 2021. What started with providing essential school supplies gradually evolved into a broader mission of educational empowerment and community development.

Under his leadership, KESHU Foundation works across education, digital literacy, Artificial Intelligence (AI), cyber security, mental well-being, financial literacy, and social development.

Driven by a research-based and impact-oriented approach, he strives to create equal opportunities, nurture self-reliance, and empower children and communities with the knowledge, skills, and confidence to build a better future.

His Vision: An empowered generation where every child has the opportunity to learn, grow, and succeed.

From a small initiative to a growing mission of social transformation — KESHU Foundation continues its journey towards a more educated, digitally empowered, and self-reliant society.
